Portfolio: deep-majumdar

OBJECTIVE

Computer Science Engineering graduate with a strong foundation in Python, Java, and software development, along with experience in web technologies and database systems. Seeking opportunities to contribute to scalable application development and solve real-world engineering problems.

SKILLS

- **Programming:** Python, Java, R
- **Core Concepts:** Data Structures, Algorithms, OOP
- **Tools & Technologies:** Power BI, Git, GitHub, VS Code, MS Office
- **Databases:** MySQL, MongoDB, Firebase
- **Web Development:** HTML5, CSS3, JavaScript
- **Core Skills:** Problem Solving, Communication, Analytical Skills

INTERNSHIP

Software Development Intern – KodNest Technologies

May 2025 – Present

- Gaining hands-on experience in Java Full Stack Development using Java, MySQL, HTML, CSS, and JavaScript.
- Working on frontend, backend, and database concepts through real-time assignments and mini-projects.
- Learning Manual Testing, debugging, and software development practices under industry mentorship.

Web Development Intern – ParkNSecure (Certificate)

May 2025 – Jun 2025

- Contributed to the development of the SecurePark Smart Parking System web platform.
- Designed responsive frontend components using HTML, CSS, and JavaScript.
- Worked on backend integration, database connectivity, and application testing to improve performance.

PROJECTS

NexMeet – AI Virtual Interviewer (GitHub)

- AI-based platform that simulates real-time interview experiences for users.
- Provides automated feedback and performance evaluation based on user responses.
- Handles user input through backend logic to process responses and generate structured insights.

AI Spend Analyzer (Live Demo)

- Developed an AI-powered system to detect cost leakage and analyze enterprise spending patterns.
- Implemented anomaly and duplicate transaction detection using Machine Learning techniques.
- Built an interactive dashboard for financial insights and automated reporting using Streamlit and Plotly.

EDUCATION

GITAM Deemed University, Bengaluru

B.Tech in Computer Engineering, 2022 – 2026

Specialization: Data Science

CGPA: 8.03 / 10

AVS Brilliant PU College

Pre-University, 2022

Science (PCMB)

Percentage: 83.33%

CERTIFICATIONS

- Google Data Analytics – Coursera
- Master Data Management – TCS iON
- Career Edge – Young Professional – TCS iON
